

BTA-70695H

Voltage Limiter, 32V, 30A

Features

- The BTA-70695H limits the output voltage from the 6-PACK Portable Power System to ensure that the output going to the end devices is not more than 32V DC.
- The Voltage Limiter is designed to protect devices that are sensitive to the higher voltages that the 6-PACK is capable of producing.
- Limited to an output current of 30 Amps.
- Capable of passing through the RS-485 data available from the 6-PACK.

Related Products

- BTJ-70862 (4 in 1 out Junction Box)

Technical Specifications

National Stock Number	Pending
BT Part Number	BTA-70695H
Dimensions	Length: 7.9 in (200 mm) Width: 6.7 in (171 mm) Height: 4.6 in (117 mm)
Weight	4.9 Lbs (2.22 Kg)
Operating Temperature	-20°C to +50°C (-4°F to +122°F)
Storage Temperature	-40°C to +70°C (-40°F to +158°F)
Material/Color	Metal/Black
Disposal	Check local regulations (Contains 0% Mercury or Cadmium)

Bren-Tronics is a distinguished USA manufacturer to the US military of multiple government and commercial products. We continue to innovate with design and production of advanced rechargeable batteries and chargers. For a complete description of our products refer to Bren-Tronics website at: <http://www.bren-tronics.com>
